PROFESSIONAL AND TECHNICAL SKILLS

- Experience with JavaScript, PHP, HTML5, SCSS, ReactJS, SEO, MySQL, GraphQL, WebGL, Git, jQuery, MatLab, Java, C/C++, GLSL, OpenGL, LaTeX and some C#.

- Proficient in the use of Word, OpenOffice, Excel, Eclipse, Unity 3D, Autodesk 3ds Max and Linux.

EMPLOYMENT HISTORY

2018 - Present   **Web developer, Big South AB, Malmö**
I currently work as a full stack web developer at Big South AB and have responsibility for all web pages that are developed for our clients. The tasks include working with PHP, Javascript, SCSS, ExpressionEngine and keeping a genuine relationship with the clients.

2015 - 2018   **Web developer, Prisjakt Sverige AB, Malmö**
As a developer at Prisjakt I worked with both front and back end tasks. The work involved the use of PHP, MySQL, ReactJS and more to solve problems that mainly focus on enhancing the user experience of the site.

2013 - 2013   **Web developer, Hans Nordell Advokatbyrå AB, Göteborg**
I programmed and designed the website for Hans Nordell Advokatbyrå AB with the aim of promoting the business. I was then responsible for maintaining the site.

ACADEMIC QUALIFICATIONS

2010 - 2015   Master of Science in Media Technology and Engineering at the University of Linköping.

Selection of Courses   TNCG14 Advanced Computer Graphics Programming
TNM084 Procedural Methods for Images
